Do not forget No. 8 Highway.

Favoring this bond issue and NOT going to the polls and voting FOR it, will avail nothing. We believe that a great majority of our people are for the bond issue, but they MUST go to the polls and VOTE. A majority of the people who are qualified to vote in the city—and we believe this figure is 1005—MUST go and VOTE "for." This will require at least 503 "for" votes. That is THE problem, getting the "for"s" to vote.

Whenever such conservatives as Roy Doak Henry Ray and Cap Olier say a proposition is sound and that it has most reasonable chances of being a good "bet," we will gamble on the proposition. And do not forget another one, J. B. Perry, Sr., who has not taken a wooden nickel in fifty years, also John Keeton.

Poor Mississippi.

Unless the people of Mississippi arouse themselves to the peril, the treasury raiders are going to swoop upon the legislators in January and leave the treasury as empty as the hollow in a gutted hog on on the gambel poles.

As scarce as money is, we wonder if anyone will have the temerity to waste precious money and precious time in running against Wall Doxey next year?

Some of the new people around Grenada may wonder why Harry and Ben Adams are so polite and courteous. We expose the truth: Their politeness was not only inherited from a courtly father, but tapped with peachtree switches welled by their venerable mother, "Miss" Dora, of Mobile who, by the way, renectly renewed.

We think the band mothers did a wonderful job in getting up the money for the new uniforms. Wimmen are that way they will work their hearts out and their tongues too, in worthy causes.

There are several subscribers in Jackson who are in imiuent danger of being cast into the pitt of ignorance and sin, where the effulgent rays of the GCW do not shine, but Mrs. Eugene Davis is not in that list, for she paid up on time.

SOL does not, except in polite society, mean Soldier Out of Luck.

An Historical Sketch Of The Grenada Band

The Grenada Band was organized in the fall of the year of 1933 under the direction of Mr. Roy Martin, band director of the Greenwood High School Band. Soon after its organization the Grenada High School Band entered the state contest, handicapped by a membership of only twenty-five, and won first division rating in Class C. Only a few months after the first rehearsal, the band purchased new uniforms, which they have used up until this date.

By the next year the membership had increased to fifty-eight, and Mr. Roger Dollarhide who received the B. M. Degree from the Ouachita College, where he was president of The Little Symphony and later director of the College Band and also most popular member of the student body, was made director. Under the supervision of Mr. Dollarhide the band has won eight first and three second division ratings.

Since the organization of the Grenada Band, many of its former members have achieved wide recognition in the field of music. Some are now holding positions as directors and assistant directors in both high school and college bands.

Harry Rayburn is Band Director at Crystal Springs; Scott Calloway, director at Ole Miss and Oxford City Schools; Bertram Goss, Carrollton Band Director; Jesse Lowe Henderson once directed the Pontotoc Band is now in medical school; Cleon Proby once directed at Flora and is now in the Air Corps, and Frank Gerard, now head of orchestra at Riverside, and was once head of orchestra at Duke University—these are products of Grenada's Band.

We predict that the 1942 session of the State legislature will issue a bunch of bonds, running into the tens of millions, to finance more paved roads. We predict that this issue will be the LAST for many years. Therefore, we folks who want No. 8 completed (and this is ONE thing that Grenada is practically unanimous about, glory be) will have to work our rabbit feet and see that the 28-miles unpaved gap between Grenada and Minter City is included in the next allotment of funds, otherwise we are going to be SOL, if you understand the army language.

Wonder how Cousin Tunny Holt is getting on?

BAND'S NEW UNIFORMS TO BE SHOWN ON PARADE FRIDAY

The handsome new uniforms acquired by the unselfish and persistent work of the Band Boosters' Club will be worn for the first time in public tomorrow (Friday) afternoon when Grenada's Band will stage a parade starting at 3:15 from the high school grounds and passing along several of the principal streets of Grenada.

The uniforms consist of new blue coats with maroon trim; the old trousers of maroon with an added stripe of blue; new buttons and cords on the caps, and every piece of clothing newly cleaned and pressed.

In this parade will be one or more individuals wearing each of the several uniforms that have been worn in the past as the band improved from its modest beginning. It is possible that the band of Kosciusko, which has been invited to come early, will participate in the parade and, if so, this band will lead the parade. The football teams of Kosciusko and Grenada will play Friday night.

These uniforms did not materialize by the wafting of some kind of magic wand, as would have been done by the fairies, but they came as a result of much hard work on the part of the band mothers organization. During "Band Week" in the Spring, the band mothers put on a ministrel show; they had a cake walk; they secured much advertising for a Special Edition of the Daily Star; they secured new subscribers and renewals for the Grenada County Weekly; they staged a bingo game, and received a commission from the sales during that week from 7-51 Service Station. Before "Band Week" several other cake wolks were held to secure funds. From these efforts, the band mothers accumulated over five hundred dollars. The City of Grenada supplied $500.00, while the School budget permitted the allocation of $300.00 to the purpose of helping buy the new uniforms.

In all, therefore, over $1,300.00 were spent to secure the new uniforms.

The people of Grenada are urged to come out and see the parade.

If I mentioned Marshall Perry paying his subscription before, it will help fill up space to say it again. He did. And much obliged.

Thanks to "Miss" Elizabeth Gerard for a renewal, handed in by handy Frank.

Seen, Heard and Told By The Editor

Come out tomorrow and see the members of Grenada's band in their spanking new uniforms and by so doing encourage both the band and the Band Mothers, who have worked so diligently to secure the necessary funds for the necessary funds properly to clothe the band of a town of the dignity and importance of Grenada. And, while "out," go to the City Hall and vote FOR the bond issue.

Wonder why T. J. Lorry does not come over to see us sometime and talk about No. 8? He won without the "e", in his name last time, but it would be safe for him to have "S" in his name next time.

Our three time Colonel and subscriber, Lloyd T. Binford, of Memphis, remembered us with a renewal. He was colonel on the staff of two or three Mississippi governors and a colonel on the stac of one Tennessee governor.

Honor Those Men Who Defended the Right

THERE IS A QUOTATION by Lincoln that fits the period we are passing through more than any other. He has stated "Let us have faith that right makes might; and in that faith let us to the end dare to do our duty as we understand it." That thought should give us the courage to carry on in this war-wracked world and defend the right as we see it. Every man believes in righteousness and every man should have the courage to stand up for it when it is in danger of being trod upon.

TODAY WE ARE HONORING men who stood up for what they thought was right when that right was in danger of being trampled in the mire. Many of them died defending that right but we, whom they defended, must carry on the tradition that has been so magnificently followed by past generations and, if we do our part, shall be carred on by generations to come.

PEACE IS A WONDERFUL THING but peace at any price is not desired by a free people. Men before us have died rather than submit to outrageous demands upon their liberty and to these men we pay all our respect and humility, hoping that we in turn can live up to their sacrifices.

LIFE, LIBERTY and the Pursuit of Happiness is a wonderful thing but not many of us realize how many lives and how much toil, trouble and sweat have been sacrificed to attain these rights. Every privilege has an equal job to balance it and the more rights one has the more tasks he must preform to attain them. We are reaping the privileges now of difficult tasks already preformed but there are still many duties to do just to keep these rights. One of these is defending them from those who desire to take them away. Another is not to abuse them and a third is to remember those who died for them.

G. R. NEWS

The G. R. program proved to be very interesting to the eighty odd members of this club. It was on "Personality and Charm." Winifred Saunders had an interesting talk on 'Good Manners.' Ruth Townes talked on "How To Take Care of Your Hair and Hands.' Margaret Spain discussed "Care of the Skin." Pauline Elliott talked on "How a Person is Judged by His Speech.' Catherine Jones talked on Coloring Clothing to Suit Your Personality." The program was concluded with a talk by Dot Talbert. Louise Avent, program committee chairman, guarantees that if you go by these rules, you'll haveabetter personality.

CHAPEL

Last Wednesday morning, Mr. Thrower spoke to the student body concerning the four qualities which every good American should possess. They were: love of liberty, Reverence for God, tolerance, and self-reliance. These characteristics were handed down to us as the heritage of our ancesters. On conclusion he told of an incident which Fritz Chystler, the great violinist, had when his identity was mistaken. Mr. Chystler by his masterful plaiyng of the violin soon proved to doubters that he was the renown violinist. After this talk, Mr. Rundle introduced an Eagle Scout, Larry Noble, to the audience and made him tell what he was required to do to earn tthis rank. Mr. Rundle concluded the program by introducing the other Eagle Scouts in Grenada High—Jas. Thomas, Bennie Cohen, Bobby Townes and Leon Provine.

The high school library has recently received a shipment of books with which to enliven and brighten its shelves. Books of special interest to high school students are added to our collection from time to time. The library furnishes to every Grenada High student the opportunity which Aldous Huxley expressed when he wrote:

"Every man who knows how to read has in his power to magnify himself, to multiply the ways in which he exists to make his life full, significant, and interesting."

CAMPUS PERSONALITIES

Name: ?
Rank: Senior

After you've read this you'll probably know who "it" is, because there's only one person in G. H. S. who this description fits.

This person, we'll break down and tell you it's a boy, is a second Mr. Atlas. He is tall, broad-shouldered, dark, and has muscles galore. Every Friday night when there's a game at Proby field, you see his name leading the list and showing his weight to be 180 pounds. Around girls he is very shy but he has seen giving a crooked smile to Billy Guy. When he carries the football through the opopment's line, the crowds cheer and the pep squad sings to his name.

P. S. He's the captain of G. H. S.'s football team of '41.

SCOUTS GET EAGLE BADGES

On Tuesday night, October 28, Larry Noble was awarded the Eagle Scout Badge at the local Court of Honor. Mrs. Noble was also awarded a miniature Eagle Badge. Billy Theisman was acknowledged for the same rank as Larry, and he will receive his medal at the next Court of Honor.

These medals represent work that the scouts have done over a long period of time extending into months and even years. An advancement of this kind therefore should make an impression upon everyone. Larry and Billy ought to be congratulated for the work that they have done and are doing in Scouting.

COMMITTEE ENTERTAINED

At Tuesday noon, Mrs. J. K. Avent, senior class mother, gave a dinner for the P. T. A. membership committee. Each of the six members of the committee was privileged to ask one guest. James Thomas, class president, and his guest, Frances Herring, Miss Pierce, sponsor, and Miss Turner, were also asked. The decoration carried out the Hallowe'en idea. Mrs. Avent served a spaghetti dinner with all the trimmings. The members of the committee were, Sara Abel, Mary Lou Cullen, Anne Duncan, Floyd Theisman, Billie Blaylock, and Jimmie Hale. Their guests were David Horton, Emmett Barrentine, Will Horton, Dot Talbert, Lou Avent, and C. Whitaker.

FOOTBALL BOYS ENTERTAINED

L. C. Howard, local store owner, and Sam Faravo, proprietor of the Dixie Cafe gave the G. H. S. football boys an oyster supper Wednesday night. From what the boys say they had a fine time. This ought to put them in good condition for the game with Sardis. Jack Ward reports that Bedford made an 'inspiring" talk.

DIRT

To the delight of Jean Gunter, W. S. Perry sends her notes. They were seen having a fine time at noon Tuesday.

Beebe Cullen and Bobby Townes had a fine time getting a horse hair on the Scavenger hunt Monday night. We won't go into details.

Sara Abel was seen sitting with Jas. Thomas at Miss Donaldson's recital Friday.

Catherine Herring is all thrilled over her bracelet that James Elliott gave her.

Anne Odom was with Tilman Rose, of Winona, Friday night as per usual.

It seems that Larry Noble's heart has been broken by A. K. Allen. It seems that Larry gave her a heart for her bracelet and it broke.

Frances Herring still gets letters from Moorhead. Speaking of the delta, gallant Monty Dairge hitchhiked to Indianola Sunday to see Barbara.

Johnny Mitchell and R. Pleasants are all excited over the new orchestra they are going to organize. We wish for them good luck and pleasant music.

Buddie and Beebe were together Sunday night and Saturday night.

Folks seen at the game together: Mary Lou and Emmett. Mildred Moss and Wm. Gammon. Lil and C. W. Muntford and Beebe.

Wonder why R. L. Morrow loves the song, "Tonight We Love."

Miss Turner was in such a good mood after eating dinner at Mrs. Avent's that she didn't make English IV—A class say their poetry.

Polly was sitting with Eddie Ellis at the picture show Tuesday night. If you want to call that a show, for the show was too deep for even some of the dignified seniors.

Thanks to Tom Abernethy for a nice letter complimenting us on our last issue.

Wonder if the City of Grenada ever has any printing done, as the county does, or does it send its printing away from a town that has three printing establishments.

We are betting that Wall Doxey makes a good Senator.

Charlie Kenwright, now a student at Moorhead Junior College, had a case of nostigalia, if thatt's the way to spell it, and had papa send him the GCW for the school term.

Watermelion Hemphill dropped in from Providence and reported that he and the neighbors, who tried, have an abundance of food and feed even if the boll weevil did have too.

Wonder how Brother F. Z. Huffstatler is getting along, also wonder what that "Z" stands for, unless it is Zedekinh?

Practically all stores in Grenada will be closed tomorrow (Friday) from nine until eleven to permit owners and employees to vote "for" the bond issue. Even Roy Doak, who publicly acknowledges that he has moss on his back, is going to close. So, ladies and gentlemen, the business people of Grenada MUST think well of this proposed bond issue to ve voted upon TODAY.

Eddie Gant, one of our charter members, dropped in Saturday and dropped $1.50. Thanks, Eddie, may your tribe increase.

Dr. Stokes, our Mayfield, Ky., subscriber, ought to be satisfied now that we have about quit cussing in print, also "Miss" Weet.

I told some folks several years ago to watch those Hayden boys—Dot and Paul, in Holcomb, that they would be successful men shortly. We are a good predicter, for what we prophesied is rapidly coming true. Their old daddy, L. T., now long since gathered to his reward, was a hustler, a worker and a planner and his boys are probably going to outstrip their father in business.

Our good friend, Captain Jim Shaw, dropped by for a call when he was home last week, and we are predicting steady promotion for him for he has the "stuff" that is essential for a combat officer.

Wonder what became of Mae West?

Brother Spratlin is now singing the song that I composed, "Aint they sweet." I have composed another one, "Aint O. D. sweet," since he renewed his subscription.

I do not hear much of the WPA now. Has it disbanded?

In serious matters I would not under any circumstances mislead anyone intentionally, however much foolishness I may "carry on." Therefore, it is my serious thought to advise people to COME OUT tomorrow (Friday) and vote FOR the bond issue, for I believe it is a safe method of expanding our business here in Grenada, and it is a safe bet for placing more of our young people at work at good wages.

Give Grenada's band a fine reception Friday when it, for the first time, parades in its new uniforms. This band is a real asset to this community.

Well, it is nearly time for Fulton McRee to start coon hunting for, since school has started, his dogs should be getting fat from discarded school scraps.

If Sam Norris and Andy Scruggs have been in town necently, they have evaded me.

We understand that the man, who, man ythink, will be Mississippi's next governor, in short, Tom Bailey will be in Grenada some of these days soon. It looks like Tom will have little, if any opposition. Maybe they will let him have it, as they did Earl Brewer, without any opposition.

If it is good business to encourage something that has proven successful in and useful to the community, then it is our considered judgment that our people should vote "for" the boad issue.

One of our best looking subscribers, Mrs. Chas. Dickinson, recently came in and renewed.

America needs volunteers to keep the light of liberty burning... to safeguard our American shores... to man our new two-ocean Navy.

THE United States is now building the most powerful Navy the world has ever seen. But it takes more than ships and planes to patrol our shores, safeguard our liberty, protect millions of American homes and families. It takes *men*! *Volunteers*!

Every new battleship, new cruiser, new destroyer is just so much steel and iron until a crew of trained men—mechanics, electricians, radiomen, signalmen, carpenters and other specialists—goes aboard.

That is why the U. S. Navy may train you to be an expert in any one of forty-five modern trades and professions. You will get regular Navy pay while you are learning. And it is possible for you to be earning as much as $126.00 a month before your first enlistment is completed.

Right now in the Navy young Americans have a double opportunity to serve their country while building their own security and independence at the same time.

Grow with the new, greater Navy

The Navy wants men to learn, to advance, to get bigger pay, to qualify for the positions of responsibility which must be filled as our naval forces are expanded. It is a real opportunity for every young man—one well worth thinking about. There is a place for *you* in America's new Navy.

V

Grenada, for once in its history, "got together" last Friday and put over the bond issue election in fine shape. It was our opinion before election and is after the election, that the proposition is a good one.

Griffis Meek, one of our fine Grenada boys who is preparing himself for service in the Air Corps, recently had two unusual experiences near his Glendale (Calif.) home: seeing the bloody crash of that large plane which made the big headlines; and experiencing an earth tremor while attending a church service.

I expect I have overlooked mentioning some of the kind subscribers who renewed after I sent out those subscription notices—so many renewed, you know—but the whole force appreciates the renewals.

Our government does not hesitate to draft men, and it should with no more reluctance draft property.

The smaller of the two groundhog hair cutters has bought some hip boots, a duck caller and a fur coat. Look out, ducks.

If Grenada should try the commission form of government, and if this form of government proves to be unsatisfactory, the people of Grenada have all necessary power to return to the old form of government.

We agree with what one hari-boiled alderman said, that the people of Grenada are laughing at this administration.

Dear Gore Springs pupils: we welcome Gore Springs School news but must insist that you, like the GHS scribes, get your stuff in Monday or, at the very latest, Tuesday morning. Mail it Monday, please.

Aint they sweet.

I cannot get Col. Kahn to tell me who is going to be the next governor. He said it's not Lester, it's not Dennis, it's not Tom Bailey and it's not "thet fellow frum 2below." He should not be so secreeive with an old colleague. Tell us something, Col. Kahn. Who is this prodigy you have up your sleeves?

Dear H. B. A.: please bear down on the war situation in your valuable contributions to this newspaper.

Two of our neighbor editors are reported to be seriously ill: "Skipper" Meriweather of Charleston and Wilmur Kennedy of Batesville, both of whom are old war horses.

Mighty sorry to hear that Alf Guntharpe is quite ill.

Our old friend, "Puss" Mitchell, now living in Memphis, is in the Vets Hospital in that city.

Draft property as well as men. Human rights, certainly, are as valuable as property rights. Why draft a young man, and let a factory (exacting exhorbitant profits) escape? Somebody please answer this, and we will gladly publish the answer.

Well, the folks of East Ward will have a chance to pick an alderman early in December. If the one chosen is as good as Clarence Burt, the folks of that ward will have done a good job.

Attention is invited to an ordinance dealing with delinquent water consumers, which will be found elsewhere. We wonder what will happen when the withdrawal of water will work serious physical hardship on the delinquent consumer, and pestilence or disease results from the withdrawal of water?

If we cannot get No. 8 paved with prose editorials, we will get it paved with poetry.

Roy Doak is getting to be a dillientte, if that's the way to spell it, and if that's the right word, as he closed his store two hours last Friday and left his business to go goose hunting Wednesday. What next, Oh Lord, what next?

We wish to congratulate the merchants and the power trust upon the Red Cross displays in their show windows.

What is Mississippi coming to? Both Fred Sullens and I have quit fooling with politicians. The Old Magnolia State has about gone plum to hell.

Poor Mississippi!!

Our Mr. Greenfield was in his glory Tuesday night as he was given the opportunity to sing "Let Me Call You Sweetheart," and kindly accepted, as usual.

Mrs Avent Informs Public Of USO Progress

Mrs. J. K. Avent, U. S. O. chairman for Grenada county, has received the following official information regarding the U. S. O. national campaign from national headquarters:

Financially, we are ahead of our original goal, but behind the needs of present budgets. We set out to raise $10,760,000. We will total $16,000,000 shortly.. After local sharing for defense needs, the Citizens Committee share for entertainment, and campaign expenses, the USO will have net $13,400,000 for operations. Because of the great Army expansion we now need even more than this but we can all be proud that we so far exceeded the original quota and that we will be able to do much more than was originally expected.

The operating program, as you doubtless know, was delayed for three months by the failure of government agencies to progress rapidly enough with the building program. This has now been solved by transfer of the job to the Army and 107 building contracts have now actually been let. We have been assured by the Army that 240 USO buildings will be ready by December 25th.

Meanwhile, the USO has not been resting on its oars. Throughout the country, and in the Canal Zone, Hawaii, Alaska, Newfoundland and the West Indies, we have 293 units in operation, with 161 as actual clubs for the men in service. More than 600 workers are now on the job, in rented quarters outside the camps, and on 24-hour duty with troops on maneuvers.

Col. Jim Walton Looking For Masonic Monument

A nation wide search is being made for the historic cornerstone of the Alabama Masonic Lodge No. 3 laid by the Marquis Le Lafayette in 1825 at Clairborne, Ala., when the nobelman was a guest of Sam Dale. The old building was torn down many years ago, and the cornerstone disappeared.

Col. Jim Walton, Eupora, director of the Dale Society, has recently been commissioned by the interested parties in this country and in France to make a search for the lost cornerstone, the only cornerstone laid by Lafayette at a Masonic Lodge. Lafayette laid one other cornerstone in this country, the DeKalb monument stone at Camden, S. C.

Lafayette went directly from Clairborne to Natchez where he made an address.

Mr. Wm. Dubard Celebrates 94th Birthday

Mr. William Dubard, one of Grenada's best beloved citizens, was honored by his children, grandchildren and great grandchildren, on Saturday, Nov. 8th, celebrating his 94th birthday anniversary. In addition to having his four daughters, Mesdames B. J. Anderson, R. L. Hinds, of Tupelo, Ward Allen, and Annie Fay Lomax, Greenwood, and two sons, Messrs. W. V. Dubard and L. A. Dubard, Sr. of Dubard, there were six grandchildren and nine great grandchildren present at this delightful gathering of the family.

Throughout the day letters and telegrams, also visits from friends, brightened this anniversary for Mr. Dubard. Undoubtedly no person in Grenada can claim a greater number of friends than Mr. Dubard, not only because of the great number of years he has lived in Grenada, but because of his bright intellectual interest and his unfailing solicitous attitude to his neighbor always a sweet spirit of service and friendliness. Another compliment of great significance is the good will of all colored people who have been associated with Mr. Dubard. They say as in one voice, "Mr. Dubard is a good white man."

During the dinner hour, which was served at 1 p. m. two grandsons, both in service in California, namely, Vassar Dubard, Jr., of Sacramento, and Robert C. Lomax, who is located at San Francisco, Calif., but was at Sacramento on Saturday, talked long distance to the family, calling each one to speak to their mothers and expressing love for their venerable grandfather. The dinner, at the Barwin Hotel, was in the large dining room. Lovely garden agolia mums in soft tones of bronze, brown and rust also yellow roses were arranged down the entire table. A huge cake, with the dates 1847-1941 and flanked by golden candles in brass holders, formed the centerpiece. Four courses, consisting of shrimp cocktail, salad, a turkey dinner and ice cream with the birthday cake, was beautifully served. After dinner pictures were made of the dinner party.

Those present were, Mr. W. M. Dubard, Mr. and Mrs. B. J. Anderson, Miss Annie Anderson, Brannon Anderson, Mrs. Roberta Allen, Annie K. and Roberta Allen, Mrs. M. B. Morgan, and Mrs. W. V. "Victory" Dinner In Celebration On Bond Issue Election

Thirty of those who were instrumental in helping bring the 669 to 18 "victory" in the election last Friday to authorize the City of Grenada to erect a fifty thousand dollar building (the cost to be reimbursed on a monthly basis by the Grenada Industries, Inc.) to expand the working space and the number of employees at the city-sponsored hosiery mill, met at the Barwin Hotel Tuesday evening to celebrate at a splendid dinner served by that hotel.

Mr. J. B. Perry, Sr., served as master of ceremonies and gave each one present the opportunity to express himself. Having demonstrated their ability to stick together when properly aroused, Grenada citizens on last Friday demonstrated the possibilities of the future if they act in concedt in future projects.

Among other things discussed was the possibility of arousing sufficient local interest and interest along the completed sections of paved No. 8 State Highway, to have that highway completed from Grenada to Minter City, and a coommittee was appointed as the No. 8 Committee. This committee is composed of Messrs. Homer Williams, Hurd Horton and Whyte Whitaker.

All in all the occasion was a most pleasant one.

TB ASSOCIATION BUSY WITH CHRISTMAS SEAL CAMPAIGN

Because protection of the community health is a vital part of the defense program, volunteer workers of Grenada County Tuberculosis Association are already busy with preparation for their Christmas Seal campaign.

While the seal sale does not begin until Nov. 24, early preparation is necessary because of the need for intensified efforts against tuberculosis during the present crisis, according to Mrs. H. W. Baker, of the local tuberculosis association, who added:

"Defense authorities have urged us to expand our programs as much as possible because the stresses of life under emergency conditions are powerful allies of tuberculosis, and this scourge may get the upper hand in the fight unless all weapons against it are used effectively.

"Therefore, we intend to leave no stone unturned for a successful sale of Christmas Seals and an effective local tuberculo is control program durin the coming year."

Gerard, Mrs Neely and Mrs. (Dr.) Fedric, of Charleston, mother of Miss Neely's fiance, and the two lovely honorees. For this occasion Miss Neely chose a trousseau frock of green wool jersey with nail head trim. Her accessories were of brown. Miss West was attired in black crepe with costume jewelry and a chic black hat and eight button length doe skin gloves. Her slippers were black suede.

Mrs. Doak was charmingly attired as she greeted her guests at the door and presented each arrival to the honorees. For this lovely affair, the attractiveness of the reception rooms was further enhanced by placing choice white chrysanthemums and lighted white tapers at points of vantage. A miniature marriage scene arranged on the handsome buffet helped to create the very interesting nuptial atmosphere of the occasion. Tall white tapers cast a soft light over this truly lovely party.

Three tables were placed for games and a very lovely prize was awarded for high score.

Mrs. Doak presented wedding gifts to each of the honorees, and late in the afternoon a beautiful plate of delicious party refreshments was served.

Commission Form Of Government

The City of Grenada is no longer a babe in swaddling clothes. It has got to be a "big boy" now and, therefore, it behooves its citizens to look into the proposal to change the form of civic government from the antiquated aldermantic system to the more modern and streamlined commission form of government that has proven to be so successful in other towns and cities.

In the comission form of government, as we understand it, the responsibility for the several phases of government is definitely divided among the three commissioners. One looks after the police department, we will say, and the finance; another looks after the streets and public places, including the city hall, while another looks after the water and light department.

There must be delegation of authority to individuals to get efficient government. We do not seem to have much delegation of authority even to the committees here in Grenada, if rumors are true. We personally know one case where The Water and Light committee, acting strictly according to the code, was overridden by a called meeting of the council. We have heard of other similar cases where a committee, acting within the law, was either overridden or ignored.

We have heard where non-emergency work, costing in excess of $50.00, was deliberately given out without either formal or informal bids—just "come and get it."

Our rough idea of a commission form of government includes the division of authority as outlined in the third paragraph hereof; the apopintment of all employees other than the elected commissioners, and the substitution of a police judge for the Mayor for the purposes of trying city cases. There is always so much wrangling about the costs that we suggest that ALL costs be turned into the city treasury and that the police judge and policemen be paid adequate salaries to insure that they can live well WITHOUT costs.

NOW is the time to bring this question to some kind of conclusion, for we are right in the middle of an administration and cries of persecution, favoritism and "getting somebody" cannot be successfully raised.

"Nuggets Of Gold"

While reading a newspaper trade journel the other day, we came across the report of a speech at a press association in which the speaker said in part:

Should all publishers adopt the stop-when-out plan? Yes! Why?

1. Because it obviates all possibility of financial loss on your subscription book.

2. Because you are not forcing your product upon anyone.

3. You feel that there is some dignity and respect in your business because you are following a sound business principle.

4. You are not questioning the honor of any one by discontinuing a paper at the time of expiration—it gives you an opportunity to learn how you have been pleasing your subscribers.

5. You are not compelled to write duns for your columns—matter which is very uninteresting to those who have paid.

I may never have the honor of being so widely known as an Owlsey or a Henderson, a Judd Lewis or a Jim Lowry, a Bill Sterrett or a Mary Jane Cix, but I'll have the deep-seated satisfaction of knowing that no sonof-a-gun can take a paper of mine from the post office and lean up against the wall and say to a bystander, "I don't know why that feller keeps sendin' me this paper; my prescription has been out a long time and I shore never ordered it agin'."

The speaker was T. E. Streight, publisher of the McGregor (Texas) Mirror; his speech was made before the Texas Press association at Corpus Christi on June 6, 1906; the newspaper trade journal which printed it was the Western Publisher (once an esteemed contemporary of The Auxiliary and later merged with this newspaper); and the head which the editor of the Western Publisher had put over his article was "Nuggets of Gold."

That was 35 years ago. We think they're still "nuggets of gold"!—Publishers' Auriliary.

Small Town Newspapers

"What is your secret ambition?" asked a friend of a successful professional man, fellow residents in a big city. "To edit a small town newspaper," he replied, adding, "and I mean it."

No doubt he meant it. Sherwood Anderson, author of half a dozen popular novels rounded out his days by deliberately choosing to edit a newspaper in a small Virginia town.

There are, in round numbers, 10,000 small town weekly newspapers in this country. There are also some 300 semi-weeeklies, and about 30 newspapers which go to press three times a week, the latter in towns of 5,000 or more.

The rural or small press is far more influential than most city people think. The editor is a man of importance, often a political leader, and always a first citizen. If his editorial "we" covers a multitude of foibles, it likewise reveals an abundance of civic pride and community loyalty.

Lincoln loved the small town papers and being a politician he made it his business to read them from A to Z. Often his coat pockets bulged with this sort of literature, and possibly he secreted a copy now and then in his high hat.

Working on a small town newspaper is a liberal education for those who expect to become newspapermen. In such offices an employee gets to know the business in all its ramifications, and he does anything from interviewing the Prosecuting Attorney to writing an item about Farmer Johnson's sweet potato crop. Putting his paper to "bed" and sitting up with it at night, are all in the day's work.

The editor of a metropolitan daily, whose office is besieged by bright young men eager to become star reporters, invariably gives them this advice: "Get a job on a good small town paper. Stay with it two years. Then come back.—Jackson Daily News.

Your Roving Observer

(HERBERT B. ALLEN)

Just a few weeks ago I wrote that there would not be active participation in the war by the United States for some months. Perhaps this prediction will be more understandable to Southern readers of a state that German language broadcasts are still on the air in many American cities, such as Chicago. It is this condition of affairs that make the government in Washington move with such remarkably slow tempo.

If you follow the debates in the U. S. Senate you may have noticed that many of the Senators who obstruct the foreign policies of our government at every opportunity, come from states in which there is a very large population of Germans and their descendants. It is not by mere chance that such obstructionists as Clark of Missouri, and Nye of North Dakota, are prominent in the isolationist ranks. With them it is a matter of political expediency.

In a state like Mississippi, where the entire white population is of British descent, the difficut position of our government would be better understood if they could read such newspapers as the Chicago Tribune, with a daily circulation of over one million copies, and read the manner in which the motives of the American government are deliberately misrepresented to the people in the middle western cities.

If we could see the copies of the great German newspapers in Berlin, Hamburg, Leipsig and Cologne, we would probably find that the German people read of the war menger Roosevelt, and of the efforts of the great American patriots Lindbergh, Nye, Clark and Wheeler to keep the American people from committing suicide by taking their places beside the British.

Getting back to the prediction that the United States will not make any declaration of war for some months; one of the chief reasons why I made this prediction was the presence of United States Marines on duty in Shanghai, China. Obviously the government would not leave these troops out on a limb—but since I wrote that prediction, our government has announced that the Marines will return home.

This announcement I regard as one of the most significant our government has made this year. From a military point of view it is not necessary for the Marines to be returned home, for they could easily be evacuated to Singapore, or to Australia.

In making this announcement the government has two purposes. The first motive is to give the Japanese something tangible to think about. The second, and more important, motive of our government is to prepare the American people for actual war, and to make the position of critics of the government much more difficult in the near future.

The real motive of all the warlike preparations in the United States is to aid the members of the English speaking world to survive the attacks of those forces which are aimed at their destruction. But in a country where there are millions of citizens born in Axis countries, and tens of millions of their descendants, our government has to be governed accordingly.

This is the principal reason why the Japanese situation is being played up at this time, and in the next few weeks we are due to hear a great deal more of Japan in the war news. It is more easy to arose the American people by playing up the Japanese menace than by other means. Just make a little note of this statement in the back of your head and see if that is not how the future will develop.

Is It Worth It?

Casualties of the Grenada-Kosciusko football game are two in the hospital, one Grenada boy with what is reported to be a dislocated knee, and another Grenada boy with a serious kidney injury—just how serious we do not know at the time of publishing this. Being young and strong and vigorous, both of these boys may overcome their injuries and be as good as new, but maybe NOT.

We are not opposed to athletics, but we do think that athletics have been "run into the ground" not only at our own high school but in all high schools and all colleges. In many colleges the athletic coach commands a higher salary than the president of the college.

What we are unalterably opposed to is the custom of teaching students to play, and not to work, and teaching them only things to do with their minds and NOTHING TO DO WITH THEIR HANDS.

How much better it would be for these football players to be learning something useful to do with their hands than to be learning how to tackle another player (and put him in the hospital), throwing a forward pass or punting!!

Here we are living on the brink of war. The country is crying for trained hands to man the machines that turn out the enginery of war. Yet, here we are teaching our strongest and best young men TO PLAY!!

We think it is high time that first things receive first consideration, and athletics be placed in secondary position.

Whitaker's Prayer

"I don't possess the English,
That you might have give to Moses.
I ain't your alltime pet,
As David, with the cheeks like roses.

"I cannot preach like Peter,
Or lay down laws like Paul,
But Lord, I've only had one wife,
And I swear that ONE is all!

"Now Lord, I want to ask a boon:
That road from here to Minter City,
Just simply must be paved,
And Lord, I want that pavement SOON!

"There are minor things
I would request,
That Yalobusha Dam
Still gives my mind unrest.

"Vocational Schools and extra cows,
I covet for my county.
More charity, I would be-stir,
For upright members of our negro race.

"But Lord, that piece of pavement
Is the main thing
That I want from out your bounty."

NOTE: Dear Mr. Editor, I don't suppose Moses ever met the English Language. No doubt the Lord endowed him with a fluent supply of Egyptian, but like dear old Uncle Joel Rice, I believe in using "Poetic License" to win my point. —LADY BYRON.

Local and Social Activities

Mrs. W. W Whitaker, Society Editor. Phones 83 and 747

Club and social activities during the past weeks and this week featured a lovely linen shower given in honor of Miss Mary Louise West, and the showing of exquisite dolls by Donna Fisher Brame, of Memphis, to members of the Fortnightly Club at a meeting held at the home of the club's President, Mrs. C. C. Cathey. The Iris Club met at the home of Mrs. Glen Thomason, Thursday and Mr. Dubard's family gathered on Saturday at a beautiful dinner at Barwin Hotel.

LINEN SHOWER

Thursday evening, Miss Martha Bess Brown, who is to be maid of honor at the Wright-West wedding on November 18th, entertained at a beautifully planned linen shower, honoring Miss West, at the home of her parents, Mr. and Mrs. Ben Brown. Miss West wore a trousseau frock of black and her hostess presented her a lovely corsage of rose hued gladioli. The home was lavishly decorated with yellow and lavender azalia mums and the living room was bright with a large open fire. Here three tables were arranged and the guests enjoyed several games of hearts. The honoree's table was marked by a tiny bride and groom tableau. Miss Margaret Finney received high score prize, a lovely embroidered linen scarf, which she presented to the honoree.

The linen gifts were presented to Miss West in a large "Bride's Book." Hints to the bride, cleverly worded, and exquisite linen giffs completely filled the unique book.

Miss Brown presented Miss West a set of eight China cups and saucers in her bridal China, as the family's wedding gift.

At nine o'clock Mrs. Brown, assisted by her daughter, Mrs. Sam Houston, served a beautiful hot lunch of cream chicken in pastry cups, a fruit salad, olives, wafers and coffee. The following young ladies were present, Misses Mary Louise West, Annie Anderson, Ann Neely, Edith Penn, Margarete Finney, Anna Rose Finney, Martha Webb, Frances Neely, Claire Weir, Ruth Sweatland, Mary Ross and Mesdames Buster Clanton, H. C. Cathey, President of Fortnightly Club at the Thursday meeting held in the Cathey home. Mrs. Brame, when an invalid in California, created an exquisite doll for her daughter, and as appreciation was voiced for the beauty of the doll, Mrs. Brame adopted "collection of dolls" as her hobby. Her collection was a featured article in House and Garden recently. These beautiful dolls received national recognition at a Medison Square Garden exhibit last year. Mrs. Brame has shown her dolls and lectured on "Hobbies" in the principal cities of America, also at many colleges and schools throughout the land. She will have an exhibit at Brooks Memorial in Memphis this (Nov.) month.
